

The Natural Resources staff offers a variety of environmental studies and outdoor skill classes. These programs provide young people with opportunities to nurture their curiosity, which leads to an interest in, as well as understanding and appreciation of, our natural world. Programs are at Lakewood Discovery Center, unless otherwise noted. Age requirements for all activities will be strictly enforced. The grades shown are grades just completed unless otherwise indicated. Enrollment for our programs will be through the Parks & Recreation Department's summer registration process (see pgs. 4 & 5 for complete information). For questions on the following programs, contact Natural Resources staff at 826-7335.

W.S.I (Weather Science Investigation): June 8 & 11

6202.101

Don't like the weather in Kansas? Just wait 20 minutes. Weather changes fast around here, and we can help you tell what's coming. On Monday, see what wild weather has happened in Salina's past, from floods to dust storms to tornadoes. Learn to predict the weather just by looking at the clouds. Explore the heart of a storm cloud to see how tornadoes are born. Then create your own working weather instruments to take home. On Thursday, meet a real storm spotter and hear his tales of weather on the run! Next, travel to the KSAL radio station to see where the news action is during a severe weather crisis. Finally go to Kansas Wesleyan University for a hands-on look at their weather station. We'll find out how to use it and then create our own time-lapse of a hurricane in motion!

When: Monday, 9:00 am—12:00 pm, and Thursday, 8:30am—2:30pm
Bring: A sack lunch and drink for Thursday
Age: 9-12 years

Fee: \$10
Wear: Sunscreen, hat, and closed-toed shoes
Class size: Limited to 15 participants

Green Kansas: June 15 & 18

6202.102

How's your carbon footprint? What is a carbon footprint anyway? Discover what it means to go green and what kids are doing to help the earth. On Monday, find out cool ways kids are reducing, reusing, and recycling. See erosion in action and what we can do to stop it with an interactive stream trailer. Look into the heart of waste management as we create edible landfills (yum!). Then do a mock stream study to see what critters can tell us about pollution. Lastly, make a Green Scrapbook that you can put all these great ideas in. On Thursday visit Salina's Household Hazardous Waste facility to see what things we should not throw away *and* their explode-proof building. Next, carpool to the park to plant a tree with our City Forester. Then travel to the Smoky Hill Wind Farm to get an up close look at how these giant, clean-energy windmills run. When we return, we'll design our own reusable canvas grocery bags to take home.

When: Monday, 9:00 a.m. – 12:00 p.m., and Thursday, 8:30 a.m. – 3:00 p.m.
Bring: A sack lunch and drink for Thursday
Age: 9 – 12 years

Fee: \$10
Wear: Sunscreen, hat, and closed-toed shoes
Class size: Limited to 15 participants

Going, Going, Gone: June 22 & 25

6202.103

Animals are in trouble, and it's our mission to find out why. Join us on a sleuthing quest as we go in search of answers. On Monday, investigate what causes extinction, find out what amazing animals have been lost to the sands of time, and experience an interactive food web. We'll delve into the case of the black-footed ferret, one of Kansas's success stories. Then discover what you can do to help animals survive. On Thursday, journey with us to Rolling Hills Wildlife Adventure for a special tour of their endangered animals (we'll even get to feed the rhinos). Then it's back to the museum to meet a wildlife biologist from the U.S. Fish and Wildlife who helped release black-footed ferrets back into the Kansas plains. Finally, we'll take what we've learned to create our own super, extinction-proof animals.

When: Monday, 9:00 a.m. – 12:00 p.m., and Thursday, 8:30 a.m. – 2:30 p.m.
Bring: A sack lunch and drink for Thursday
Age: 9 – 12 years

Fee: \$10
Wear: Sunscreen, hat, and closed-toed shoes
Class size: Limited to 15 participants

What's Cooking?: July 6 and 9

6202.201

What's for dinner? That's a question we all want to know, but what did people eat before there were grocery stores and how did they fix their meals? Come with us and sink your teeth into the world of food. On Monday we'll head down to the Smoky Hill Museum's basement to see their collection of weird and wacky cooking tools settlers and Native Americans used on the prairie. Then create your own personalized potholders to take home. Taste some native foods. And travel to Indian Rock to discover how to find wild foods right here in Salina! On Thursday, explore how we handle food in today's modern world. We'll trek to the grocery store for a Food Find, see how Russell Stover's chocolates are made, and travel to Manhattan to visit the American Institute of Baking to find out how we use science in baking. Then we will treat ourselves with some of the famous Call Hall ice cream made at K-State's Dairy Processing Plant.

When: Monday, 9:00 a.m. – 12:00 p.m., and Thursday, 8:30 a.m. – **3:00** p.m.
Bring: A sack lunch and drink for Thursday
Age: 9 – 12 years

Fee: \$10
Wear: Sunscreen, hat, and closed-toed shoes
Class size: Limited to 15 participants

JUNIOR EXPLORERS, continued

Exploration Nation: July 13 and 16

6202.202

What's it like to boldly go where no one has gone before, to venture into the unknown? Come find out as we investigate daring explorers of the past and present. On Monday, we'll follow the trails of bold explorers like Lewis & Clark as they set into the wild prairie, which was as unknown and unmapped as space is today. Learn how to read all kinds of maps and create your own. Discover what tools are used by explorers, from compasses to GPS units, and how to use them yourself. Then make your own Explorer Bags to take on your own adventures. On Thursday, seek out geocaches here in Salina using 3 different tools, including map, compass, and GPS. Journey to Coronado Heights to see where Coronado is rumored to have stood, and use maps to I.D. what towns we see from the top. Then visit the Coronado-Quivera museum in Lyons to learn more about this well-known explorer and the Native Americans he might have met in his travels.

When: Monday, 9:00 a.m. – 12:00 p.m., and Thursday, 8:30 a.m. – 2:30 p.m.

Bring: A sack lunch and drink for Thursday

Age: 9 – 12 years

Fee: \$10

Wear: Sunscreen, hat, and closed-toed shoes

Class size: Limited to 15 participants

From the Ground Up: July 20 and 23

6202.203

Rocks, bricks, mortar, and sticks! What makes these exciting? They're all used in architecture. Come explore the world of architecture, as we discover how buildings are designed and made. On Monday, use house hold items to build the tallest tower you can. Find out about building styles and how architects test their construction materials, from strength tests to wind tests. Then create and design an origami house to take home. On Thursday, travel to Salina's Bucher, Willis, & Ratliff Corporation to discover what it is like to be a professional architect (from blueprints to models) and what cool ways they have made their building eco-friendly. Check out a bit of local architecture to see what went into designing its space. Then trek to Manhattan to the K-State Architectural School to explore interior, exterior, and landscape design, like they use in TV's Extreme Home Makeover.

When: Monday, 9:00 a.m. – 12:00 p.m., and Thursday, 8:30 a.m. – 2:30 p.m.

Bring: A sack lunch and drink for Thursday shoes

Age: 9 – 12 years

G.R.E.A.T. Ultimate Challenge

6302.101

Looking to get outside and shake off some summer boredom? Do you enjoy the great outdoors and want to discover new activities or maybe sharpen existing outdoor skills? The G.R.E.A.T. Ultimate Challenge is the program for you! Saline County Sheriff's Department and Lakewood Discovery Center are proud to continue this program. It will emphasize outdoor physical activity, environmental and emergency awareness, first aid training, and outdoor skill sets. The first day starts with a venture to an outdoor activity center. Here professionals will train the group in aspects of Archery, Plant Identification, First Aid and Emergency Management, Geocaching with GPS units, and Team Building. The second day is when the excitement begins. The group will be divided into teams and compete in contests using the skills already learned. Midway thru the day there will be a break to catch your breath and enjoy a luncheon BBQ. After the scrumptious vittles the competition will begin again and at the end of the day a team will be crowned the Ultimate Challenge Champion.

Do you have what it takes to win the Ultimate Challenge?

Father's Day Trip 2009 (***)

6602.101

Come on along the dusty trail partner, and experience the Western lore that still lives. We will amble our way to the historic Cowtown of Wichita, which in its boom days was a major cattle destination as the rail heads of Kansas brought cow pokes in from the wilds. In addition to our Cowtown experience, we will also get to enjoy stern livin' as we attend the Prairie Rose Ranch for a chuck wagon dinner and cowboy show. We'll also have the chance to participate in hayrack rides, Old West style train rides, and much more. As typical tough hombres we will be camping out at El Dorado State Park to sleep under the stars and howl at the moon. After our breakfast vittles on Sunday, we will break camp and head out in search of bison, America's buffalo. We will search Maxwell State Preserve high and low for these elusive critters on a tram out through the prairie. What do ya say Tex? Are ya up for the adventure, or are you a lily-livered tenderfoot? (***)

When: Saturday June 13 – Sunday June 14
 Where: Leave from Lakewood 8:00 a.m.
 Limit: 18 participants (18 yrs and under need to be accompanied by an adult)
 Fee: \$ 90.00 (members), \$ 99.00 (non-members)
 (Includes: transportation, all entrance fees, camping equipment, and select meals)
 Bring: sleeping bag, bug spray, flash light, binoculars (optional), personal items (and your own tent if desired)

Yellowstone (****)

6103.102

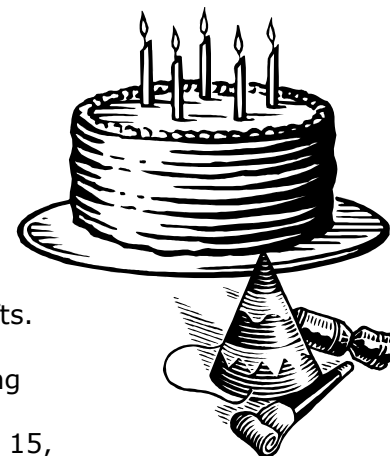

The American west is dotted with spectacular National Parks and historical locations that have defined the American spirit of grandeur and adventure. The crown jewel of these national treasures is Yellowstone/Teton National Parks. This unique region is the foremost destination when seeking breathtaking Rocky Mountain backdrops and iconic wildlife. The Yellowstone basin is world renowned for its natural features including one half of the world's active geysers and mud pots. Thermal pools abound and intertwine the landscape and wildlife in the nations #1 national park. Our tour will allow us to get up close and personal with these features as we explore on our own and with expert guides that will show us the natural world of Yellowstone/Teton National Parks. We will spend four full days touring and exploring the region, with opportunities to see all the major attractions in the park. We will have time to leisurely hike some of the most famous trails in the park, picnic outdoors and have time to relax along the way. We will also get some time to shop in Jackson Hole and West Yellowstone. A detailed itinerary will be available upon request.

When: Wed. September 9th – Wed. September 16th
 Time: Leave from the south parking lot of Bi-Center at 6:00 a.m. on 9th, return early the evening on 16th
 Limit: 20 participants. 18 yrs and under need to be with an adult
 Fee: \$1,000 non member \$900 friends group member
