

# SOUTH NINTH STREET, PHASE IV

Project Number: 06-1579

**Category:** 2009 Capital Improvement Program

**Project Description:** This project continues the effort to improve the South Ninth Street corridor from Broadway Boulevard to Water Well Road, which began in the mid-1990's. Phase IV includes: placing new concrete pavement from approximately 400 feet south of Belmont Boulevard to approximately 150 feet south of Riffel Drive; shifting the northbound lanes to the west from Avenue A to Debold Avenue to narrow the median; filling the median ditch and creating a raised median from Riffel Drive to Belmont Boulevard; entrance work to match new pavements; curb and gutter and related storm drainage improvements; new signals at Riffel Drive, Schilling Road, and Debold Avenue intersections, removal of signals at Sam's Place; interconnection of signals to increase their efficiency; ten foot sidewalk/bicycle paths along the east side of South Ninth Street from Riffel Drive to Belmont Boulevard and the north side of Schilling Road from Riffel Drive to South Ohio Street; and new continuous lighting along the corridor.

**Designer:** Wilson & Company, Inc., Salina

**Contractor:** Smoky Hill, LLC

**Construction Cost:** \$4,739,970.29

**Funding:** Selling Bonds

**Start Date:** June 15, 2009

**Estimated Completion Date:** October 19, 2010

**Utility Status:** Most relocations have been completed. Further relocations will be coordinated during construction.

## **Project Status:**

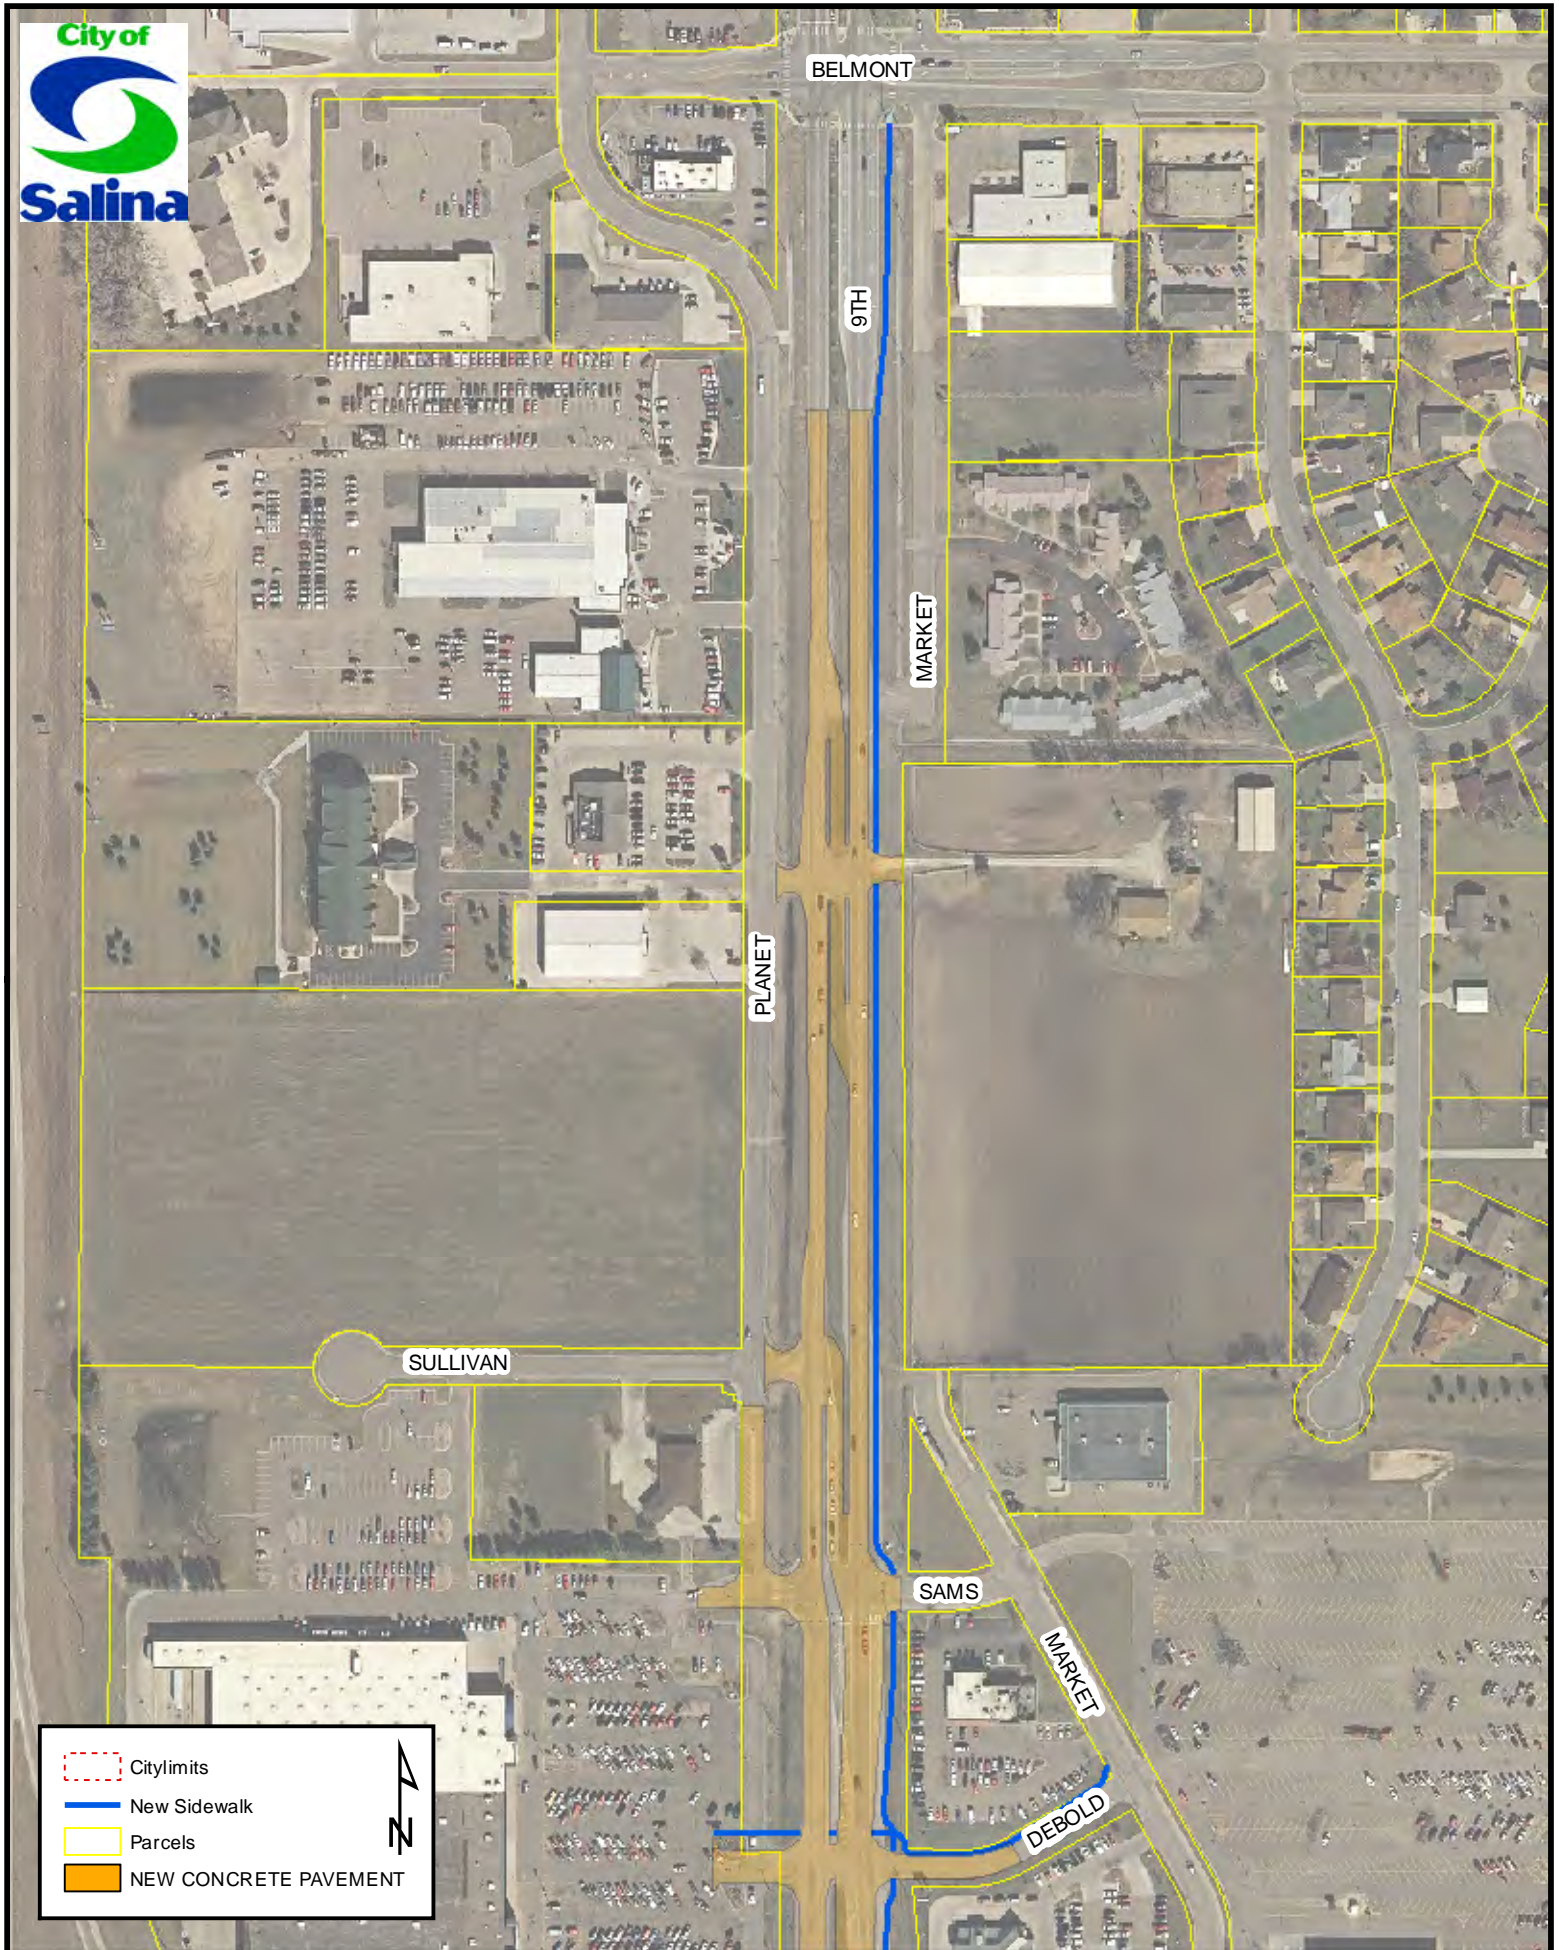

- 7/2/10: Pavement work continues on: the Sam's Place pavement between Ninth Street and Planet Avenue; the pavement between Ninth Street and Planet Avenue east of Country Inn & Suites, Del's, and Tucson's; and the southbound lanes. Direct access to Ninth Street from Country Inn & Suites, Del's, and Tucson's should be restored on July 8<sup>th</sup>.
- 6/21/10: [Press Release - End of Schilling Road Detour](#)
- 6/17/10: [Update Letter to Adjacent Property Owners](#)
- 6/14/10: [Press Release - Access Closures](#)
- 5/24/10: [City Commission Information Memorandum](#)
- 5/7/10: [Press Release - Schilling Road Detour](#)
- 4/29/10: [Update Letter to Adjacent Property Owners](#)
- 3/15/10: [Press Release - Closure of Southbound Ninth Street](#)
- 2/22/10: [Press Release – Riffel Drive Closure](#) Work on Ninth Street sidewalks is expected this week. Switching traffic to share the northbound lanes while the southbound lanes are replaced is expected in March.
- 11/19/09: [Press Release - Phase IV Update](#)

- 10/26/09: Schilling traffic has been switched from the eastbound to the westbound lanes so the contractor may remove and replace Schilling Road pavement in the southeast quadrant of the intersection. Paving of the northbound lanes south of Schilling Road should begin soon. Miscellaneous curb and gutter and turning lane construction continues.
- 10/23/09: [Press Release - Construction Update](#)
- 10/5/09: Northbound lanes from Schilling north have been poured, and curb and gutter installation should begin soon. Pavement is being constructed in the northeast quadrant of Schilling at Ninth and Debold east of Ninth was opened so work can begin soon on Sam's place east of Ninth. Traffic on Ninth at Schilling will soon be reduced to two lanes to allow for constructing the intersection.
- 9/14/09: The subgrade of the northbound lanes has been prepared for paving, which, weather permitting, should take place this week. Traffic has been switched to share the eastbound lanes on Schilling Road while work commences in the northeast quadrant of Schilling Road and South Ninth Street. The holiday shutdown from November 20 to January 4 is just over two months away.
- 9/4/09: [Press Release - Construction Update](#)
- 8/14/09: The northbound lanes are being removed and replaced while traffic shares the southbound lanes. Debold Avenue east of Ninth Street is closed but Sam's Place remains open.
- 7/31/09: [Press Release - Traffic Change](#)
- 7/13/09: [Press Release - Construction Begins](#)
- 6/25/09: Work is scheduled to begin mid July 2009.
