

Current Licensed or Registered Contractors

Disclaimer:

The information contained in this list is current as of the date reflected at the bottom of each document page.

- A specialty contractor can usually perform work as indicated by the category in which the company is licensed.

- A Class A, B, or C building contractor can also perform any of the work that specialty contractors perform, except swimming pools, fire alarm and fire sprinkler work.

- A registered contractor is limited to specific work including replacement windows, doors and siding; insulation; drywall; millwork; painting; floor covering; moving a building or structure.

To be certain the contractor you choose is a licensed contractor in good standing with the City of Salina, please contact the City Clerk's office at 785-309-5735.
