

THE RIGHT-OF-WAY: THE WRONG PLACE FOR SIGNS

Signs that are improperly placed can create safety hazards, distract drivers, and become litter when abandoned.

Do your part to help maintain a safe and attractive community for residents, businesses, and visitors by placing signs in proper locations.

City of Salina Community & Development Services Department
300 W. Ash Street, Room 201, Salina, KS

THE RIGHT-OF-WAY:

THE WRONG PLACE FOR SIGNS

WHERE CAN I PLACE MY TEMPORARY SIGN?

- Signs can be placed on private property with the owner's permission.
- Two temporary signs can be placed per lot, and an additional four signs can be placed per lot 45 days prior to a federal, state or local election or ballot issue that represents the district in which the property is located.
- Temporary signs are limited to six ft. in height or eight sq. ft. of sign area.
- Signs may not be placed on sidewalks or in right-of-ways (generally the area between the sidewalk and street).
- If no sidewalk is present, signs should be placed a minimum of 10 ft. back from the curb.
- Signs may not be attached to trees or utility poles.
- Signs may not be placed on any City owned property.

WHY ARE TEMPORARY SIGNS REGULATED?

Signs that are improperly placed can create safety hazards, distract drivers, and become litter when abandoned.

Do your part to help maintain a safe and attractive community for residents, businesses, and visitors by placing signs in proper locations.
