

1" = 20'

Site plan to scale with North arrow

Dimensions of lot

Locations & dimensions of all buildings including the proposed accessory building

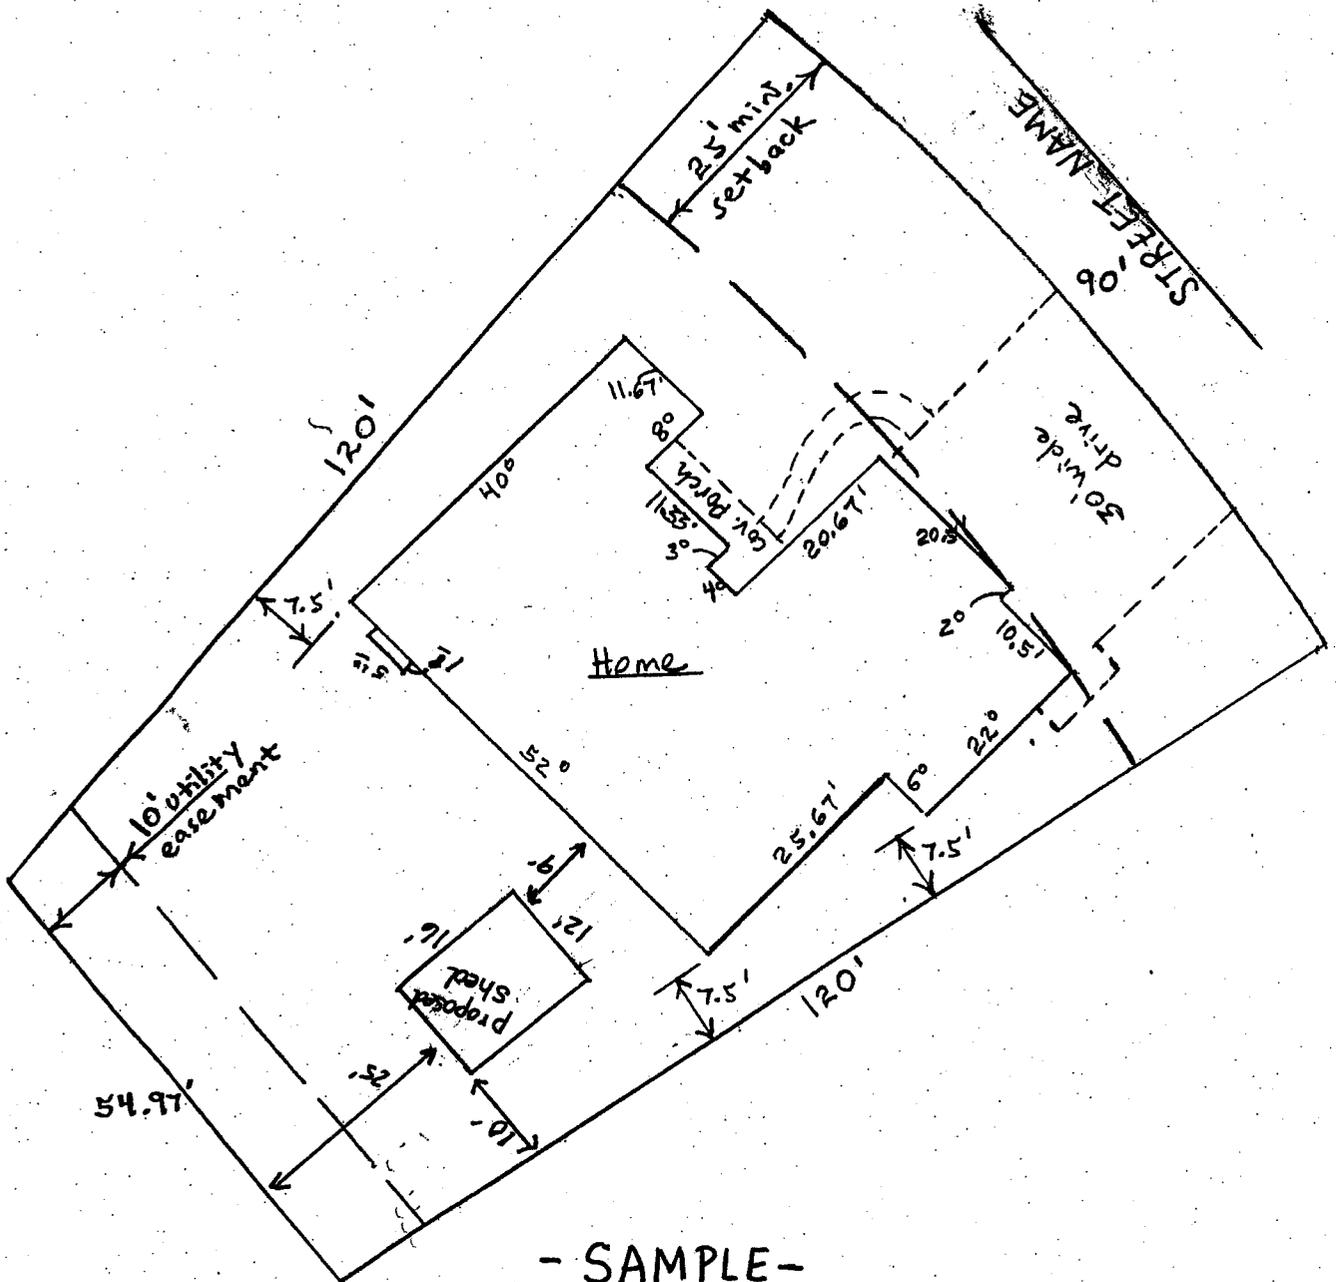

Setbacks (front, rear, side) to buildings

Identify all buildings on lot – “home”, “shed”, “detached garage”, etc.

Indicate street name (include street name for non-address side, if on corner lot, also)

Indicate location and dimensions of all easements (drainage, utility)

Show location and dimensions of driveway (for garages only)
