

# SANTA FE AVENUE STREETSCAPE

SALINA KANSAS

The purpose of today's open house is to gather additional input for the Santa Fe Avenue Streetscape. Survey results and refined concepts will be presented. Results from the survey will also be shared via social media outlets and at [www.salina-ks.gov](http://www.salina-ks.gov).

## THE PROJECT

The City of Salina and their engineering partner HDR, Inc. are working to further define conceptual elements included in the Downtown Salina Streetscape Plan provided by downtown stakeholder groups. In October 2015, downtown stakeholders created the Downtown Salina Streetscape Plan that provided a conceptual design plan for infrastructure improvements to Santa Fe Avenue and adjacent downtown streets. Santa Fe Avenue was reimagined with one lane of traffic in each direction. Additional design elements included improved sidewalks, landscaping,

seating areas, pedestrian crossings and lighting. Streetscape improvements will enhance existing businesses and planned developments throughout the downtown area.

The streetscape construction project commitment thus far is a minimum of \$10.165M. \$2M of those funds are dedicated to needed waterline upgrades. Final designs will need to strike a balance between community preferences and available budget (determined by City Commission). Downtown improvements will ultimately enhance the walkability and image of downtown and improve the aesthetic quality of the community.

Community engagement and public input will result in a final design that has considered many diverse perspectives and preferences. As part of that process, the City initiated an online survey designed to gauge

## PUBLIC OPEN HOUSE

Thursday, March 16, 2017

4 p.m. – 7 p.m.

Salina Art Center Warehouse,  
149 S. 4th St., Salina, KS

For more information about the Santa Fe Avenue Streetscape Project, visit [www.salina-ks.gov](http://www.salina-ks.gov)

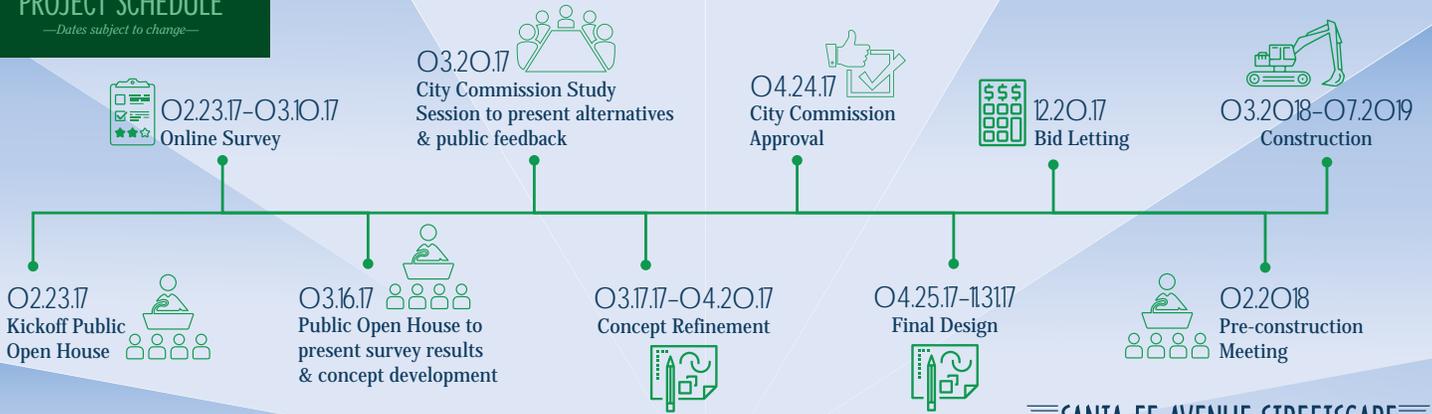

public opinion on a variety of streetscape elements. Tonight the project team will share survey results and more refined concepts. Thank you for your participation and interest in this important project for our City.
