Sec. 25-132. Disturbing the peace.

(a) It shall be unlawful for any person to make, continue, maintain or cause to be made or continued any excessive, unnecessary, unreasonable or unusually loud noise that is plainly audible across a property line or from a distance of fifty (50) feet from the source of the noise, which either annoys or disturbs a person of normal sensitivities, or injures or endangers the comfort, repose, health, peace or safety of others within the city. For purposes of this section, a property line is defined as an imaginary line drawn through the points of contact of adjoining lands, apartments, condominiums, townhouses and duplexes owned, rented or leased by different persons, a demarcation or a line of separate [separation] of properties, and also, for any two (2) or more buildings sharing common grounds, the line drawn midway between any two (2) such buildings. All areas devoted to public right-of-way shall be deemed to be across the property line. For the purpose of this definition, the property line includes all points on a plane formed by projecting the property line in a manner deemed appropriate by the enforcing police officer.

§ Cross references: Nuisances, Ch. 24; intoxication and disorderly conduct, § 5-75.

(b) It shall be unlawful for any person to use, operate or permit the use or operation of any electronic device, radio receiving set, television, musical instrument, phonograph, or other machine or device for the producing or reproducing of sound in such a manner that is plainly audible across a property line or from a distance of fifty (50) feet from the source of the noise, which either annoys or disturbs a person of normal sensitivities, or injures or endangers the comfort, repose, health, peace or safety of neighboring inhabitants. Neighboring inhabitants shall include persons living within or occupying residential districts of single or multifamily dwellings and shall include areas where multiple-unit dwellings and high-density residential districts are located.

(c) No person shall congregate with other persons, participate in, or be in any part or gathering of people from which sound emanates of a sufficient volume that is plainly audible from a distance of fifty (50) feet, so as to annoy or disturb persons of normal sensitivities, or injure or endanger the comfort, repose, health, peace or safety of persons residing in any residential area. No person shall visit or remain within any residential dwelling unit or within the vicinity of a residential dwelling unit wherein such gathering of people is taking place except persons who have gone there for the sole purpose of abating such disturbance. A police officer may order all persons present in any group or gathering from which said sound emanates, other than the owner or tenants of the dwelling unit, to immediately disperse in lieu of being charged under this section. Owners or tenants of the dwelling unit shall immediately abate the disturbance and, failing to do so, shall be in violation of this section.

(d) Electronically amplified sounds authorized by city permit, emanating from band concerts, block parties or other performances or similar activities publicly or privately sponsored and presented in any public space outdoors, shall not be in violation of this section, provided that the sponsor of the activity immediately complies when directed by any police officer or other authorized city official to decrease or discontinue the electronic amplification when, in the official's determination, the noise levels created are unreasonable and injure or endanger the comfort, repose, health, peace or safety of others within the city.

(e) It shall be unlawful for any person, while operating, driving, or parking a motor vehicle, to use or operate any electronic device, radio, television, tape player, compact disc player or other device for the producing or reproducing of sound in such a manner that it disturbs the peace, quiet and comfort of persons in the vicinity of the motor vehicle. Unless a person is operating under a loud speaker permit issued pursuant to section 3-5 of the Salina Code, it shall be a violation of this section if the sound emanating from the electronic device, radio, television, tape player, compact disc player or other device for producing or reproducing sound in or on the motor vehicle is clearly audible from a distance of fifty (50) feet.

(f) Statement of intent. No provision of this section shall be construed to limit or abridge the rights of any person to peacefully assemble and express opinions. It is the purpose of this section to protect individuals from unreasonable intrusions caused by excessive, unnecessary, unreasonable or unusually loud noises. (Ord. No. 91-9475, § 1, 11-18-91; Ord. No. 01-10039, § 1, 6-18-01)

Special Event Use of City-owned Public Parking Lots

City-owned public parking lots provide safe and convenient public access to downtown businesses and public facilities. Use of city-owned public parking lots for special events that attract visitors to the downtown, promote downtown commerce, provide additional entertainment options, and enhance non-peak-hour utilization of city-owned public parking lots is encouraged when the special event use does not adversely impact needed public parking capacity, significantly impair access to downtown businesses, unfairly disadvantage competing permanent downtown businesses, or substantially conflict with the interests of downtown residents.

No person shall use a city-owned public parking lot for any use other than parking except pursuant to a city-owned public parking lot special event permit issued pursuant to this article.

The city manager is authorized to adopt administrative regulations governing both (a) the administrative issuance of city-owned public parking lot special event permits and (b) the conduct of permitted special events in city-owned public parking lots, consistent with the policy considerations outlined in Salina Code Section 35-256.2 and the following guidelines:

(a) Nature of special event

- (1) The applicant must demonstrate that the special event is intended to attract visitors to the downtown, promote commerce in the downtown, provide additional entertainment options, or promote tourism;
- (2) Products offered for sale shall be limited to either new or reconditioned items or crafts;
- (3) The applicant may charge an admission fee for the special event; however, the admission fee and the extent to which the applicant intends to place temporary barriers marking the event boundaries are factors to be evaluated in determining the suitability of scheduling and location of the proposed event;

(b) Location

- (1) The applicant must demonstrate that private parking lot options are either unavailable or unsuitable for the proposed special event;
- (2) The proposed special event must be permitted by and meet any applicable requirements of the zoning code;
- (3) The city-owned public parking lots on either side of the 100 block of South Seventh Street and the east side of the 100 block of South Fifth Street shall be considered the preferred locations for special events (**see attached map**);
- (4) Proposed utilization of a downtown plaza adjoining a city-owned public parking lot in conjunction with a special event permit application may be considered, subject to the Salina Downtown, Inc. administrative review and scheduling process for utilization of downtown plazas; plazas are to be utilized primarily for entertainment events and secondarily for retail sales events;

(c) Scheduling and use limitations

- (1) Special event scheduling should take into consideration all other scheduled events impacting parking needs in the downtown area based upon consultation with Salina Downtown, Inc.;
- (2) Special events shall not be scheduled to operate between the hours of 8:00 a.m. and 5:00 p.m. on Monday through Friday. Evening hours of operation shall be no later than 10:00 p.m.;
- (3) Permitted special event use of a city-owned public parking lot shall not allow use of or interference with the public use of adjoining rights-of-way;
- (4) Special events shall not significantly impair downtown business access, needed public parking, or residential parking;

(d) Requirements of the applicant

- (1) The applicant must provide portable restroom facilities necessary to accommodate the anticipated special event attendance;
- (2) The applicant must meet any ancillary requirements relating to the health, safety, and convenience of persons affected by the special event;
- (3) The applicant must reimburse the city for any direct labor costs and direct out-of-pocket costs to the city associated with the special event;
- (4) The applicant must demonstrate consideration for and the capability to fulfill its responsibility for posting the permitted parking lot at a reasonable time prior to the special event and assuring access to parking for downtown residents affected by the special event;
- (5) The applicant must provide proof of liability insurance coverage with limits determined by the city to be suitable for the special event;
- (6) The applicant must demonstrate the intent and capacity for accurate collection and reporting of all applicable sales tax;
- (7) The applicant shall be responsible for clean-up and full restoration of the parking lot for its ordinary use immediately following the scheduled completion of the special event and shall be responsible for the cost of any clean-up or repair cost incurred by the city resulting from the special event.

(e) Application process

- (1) The applicant must timely submit a complete application on a form provided by the city, including a detailed site plan for the proposed special event;
- (2) Review of the application shall be subject to the city-wide special event review process and any other city review processes unique to the nature of the special event;
- (3) Consideration of the application shall be coordinated with Salina Downtown, Inc.
- (4) Administrative denial of an application shall be subject to timely appeal by the applicant and review by the city manager. A denial upheld by the city manager shall be subject to timely appeal to the governing body.

Application fee and deposit. An applicant for a city-owned public parking lot special event permit shall pay to the city clerk at the time of filing the application a non-refundable application fee in an amount determined pursuant to section 2-2. As a precondition of issuance of a permit, the applicant shall pay a deposit in the combined amount necessary to (a) reimburse the city for

the estimated amount of any anticipated direct labor costs and direct out-of-pocket costs to the city associated with the special event plus (b) an amount to be applied to any post-event clean-up costs if the applicant fails to timely complete the work and the cost of any damage to city property resulting from the special event. Any unutilized portion of the deposit shall be reimbursed to the applicant following completion of the special event.

If at any time during your process of planning a special event that would utilize a City-owned parking lot, you have questions, feel free to contact the City Clerk's Office. We will do our best to assist you in planning your event.
